

Govenor Cody is doing a good job but what about the senior citizens, family that are trying to keep them in their homes. This is a saving, cheaper then nursing homes, but we need fincial help. The state would save thousands of dollar keeping senior out of nursing home. We had my aunite, 93, in her own home but the money is running out so she will have to be in a nursing home on Medciad be cheaper to help keep the senior in their own hom. Gertrude Willean
